

Blue Barron Arrives At Camp Atterbury

It's now Private Blue Barron of Camp Atterbury.

The "big name" band leader, who has been assigned to the service company of the 424th Regiment of the 106th Division there, arrived at Atterbury recently from the airborne infantry at Camp Claiborne, La. He has been in the army since last November.

Before entering service, the "Blue Barron" conducted his band in engagements throughout the nation. It is continuing under the direction of another leader.
