

Assignment of Divisions In Europe Made

(Continued from page one)

Those in territory indicated for Russian control are the 26th, 30th, 69th, 76th, 79th, 94th and 102nd infantry, and the Fifth, Sixth, Seventh, Eighth and 16th armored. Since these have not been assigned places in the occupation setup, they presumably are scheduled for deployment.

The 35th infantry and Second armored division will be deployed from the British zone.

Other divisions whose status have not been announced are the 45th, 63rd, 70th, 71st, 78th, 80th, 83rd, 84th, 89th, 90th, 99th, 100th and 103rd armored; and the 13th, 17th and 101st airborne.
